

Holiday Houses In The Northern Province

There are a number of holiday houses in the Northern Province which are available for booking throughout the year for Sisters of Mercy and their families. Prices can be obtained, and bookings made, through the contact person for each location as indicated. Please remember that when dialling from South to North you must use the prefix 048 instead of 028. When ringing from North to South the prefix is 00353, omit the first 0 and dial the remainder of the number.
